

Fionn

**Work experience-
Leisure centre.**

Fionn is enrolled onto Everybody's E-learning portal and has completed 7 modules

Fionn told us:

“I have been given an amazing opportunity to learn 4 different roles at my current job. I am enjoying my work placement and have integrated myself well into a work environment.”

Fionn would like to qualify as a lifeguard and gain paid employment as a lifeguard at the Leisure Centre.

When Fionn started at Petty Pool he had difficulties with anxiety, confidence, and self-esteem. These issues made it difficult for Fionn to access the curriculum at times and to engage in the classroom environment, having an impact on his social skills.

Fionn worked with staff to develop strategies, and also our Animal Assisted Therapy program, enabling him to build resilience and thrive in his college life. He has been given opportunities outside of his comfort zone to develop his strengths and skills and has risen to the occasion every time.

He is now in his 3rd year at Petty Pool accessing the Supported internship program and is now working 3 days a week.

Employer:

“Fionn has fitted in well to our team. He is keen to learn and will take on new tasks with enthusiasm.”
