

**Josh**

**Work experience-  
Horticulture Assistant**

Josh can travel on trains, buses and on foot independently. This includes getting a taxi from his home to placement 3 days a week on his own. He has been on day trips as far as Wales and York independently.

**Josh told us:**

**I have loved working with the horticulture team at my placement. I have really enjoyed that I get to do my own sweet pea project. I have enjoyed working independently and growing in confidence.**

Josh's aspirations for the future are to work full time as a Horticulture Assistant.

Josh has come so far since starting at Petty Pool. Josh did not know what he wanted to do when he started in year 1.

He chose horticulture as he knew he wants to work outside.

Josh has come so far in a short space of time. He has developed the skills and maturity within the working environment. All of the staff know Josh and comment how amazing he is as a person and within the job role itself.

**Employer:**

**Josh has grown immensely since starting with us back in October. It has been incredibly rewarding to see and has been visible to many other staff at the company.**
